

-- August was a busy month! We had many visitors in the Chamber and there were a lot of people traveling through town. What a great way to end summer. The Newberry Area Chamber of Commerce wrapped up summer with the Annual Golf Classic. We had 33 golfers this year that participated in the Golf Classic. Thank you Newberry Country Club for doing a fantastic job with the food and helping with the event.

mBank	The Scoop	Northern Wings

-- Fall Fest is September 19th. This could be a great annual event. As with most events in our area, community support has a huge impact. We would like to see this grow each year and bring more and more people to our community to enjoy what we have to offer. This year we are just starting out. If you would like to show your support, come on out and enjoy a day of fun with the family. We will have games for kids, music throughout the day by Caitlin LeBlanc of Brimley and Nicholas Petrie of Curtis, minnow races, and bounce house and slide. The Cook Shack will be open and Petrie Chicken Dinners will be available as well. To wrap up the day we have the band "Saving Savannah" from Milwaukee coming up. They have played at some great, well known venues in Wisconsin and are a lot of fun!!! Tickets are \$15.

--October 2nd is the 10th Annual Legislative Luncheon. This will be held at Zellar's Village Inn from 11:00am-1:00pm. Tickets are \$19 and include lunch. There will be a Q&A time also. This is a great opportunity to get to meet our Legislators and show your support for our area.

--Fall is a great time to get out do those outdoor activities you love to do before the snow flies. The air is crisp and cool, the leaves are turning to beautiful colors and it is a great time to be in the U.P. Our visitors this time of year are looking for those great color spots, where the good hunting is, and wondering if the fish are biting. A great way to show what we have to offer is by pictures. If you have any that you would like to share on our website or Facebook page, please send them in. We will add them and it is great for visitors to see what our area has and that we enjoy it too.
