

--The Newberry Area Chamber of Commerce has applied for a MDNR Fisheries Division mini grant and will be receiving funds requested. The grant will allow the Newberry Area Chamber to purchase items to be used for demonstrations and educating kids and adults on how to fish and properly use the resources we have all around us. The events that taking place with the help of this grant will be held free fishing weekends starting in 2017. We hope this event will grow and expose people to the great resources we have all around us.

--The Newberry Area Chamber of Commerce and Luce County EDC have put together a list of things to do in Newberry and provided it to many of the local businesses. The lists were made as a quick reference for people as it lists locations and miles to that location. We have a lot to offer, let's share it. If you would like a list, please contact the office and one will be provided for you.

--You will soon see a new sign out at the Newberry Area Chamber of Commerce. The M123 Byways group used funds at the end of the year last year to purchase signage for areas around the Byway. The Newberry Area Chamber of Commerce recently received a nice sign to put outside the building. The sign is a large version of the map that is in the M123 Byway brochure. This visual aid will assist visitors during non operating hours and expose them to places they may have otherwise not explored.

--If you visit the Newberry Area Chamber of Commerce, you will soon see a great sign outside the building. The M123 Byways committee was able to purchase some signage and the Chamber was lucky enough to be provided one. This will allow after-hours visitors the ability to see the M123 Byway route and some of the attractions along the way.

--Luce County Park is open and has new rates. Campsite prices have dropped and there is a day use and boat ramp fee. For information call Luce County Parks and Rec. at 293-2999. There are some great places to camp in the area. It would be great to see them all full of campers this summer.
