

--The Newberry Area Chamber of Commerce has had some successful events in the last month. The Pictured Rocks Boat Cruise was wonderful. We had decent weather, great attendance, and lots of fun. First National Bank of St. Ignace sponsored food for this event. It was prepared by Zellar's Village Inn and was a hit with all on board.

--The Legislative Luncheon was a great opportunity for community members to meet a few of our Legislators and ask questions or express concerns. Legislators that were in attendance were Senator Tom Casperson, Representative John Kivela, and U.P. Representative for Gov. Snyder's office, David Nyberg. There was great conversation and a lot of different topics were discussed.

--Fall Fest was held downtown this year. The weather was a little bit of a challenge but that did not stop people from enjoying the vendors, games, and entertainment. There was something for everyone!

--The trees are turning quickly and the weather is cooling down. We are still seeing many people traveling through the area, which is great for our community. We have a lot to offer between the color tours to take in the area and the O.R.V. trails, not to mention the hiking trails that we have nearby. It will not be long before we see the weather make another change and we start our winter season. If you receive information on where to receive regular updates on color, and in the near future our snowmobile trails, you can direct people to the Newberry Area Chamber of Commerce website or Facebook page.

-- Please help us help you by providing us with specials, deals, sales, give-aways, and events that you would like to promote. We enjoy getting these and promoting our local businesses. Many of these events or activities can be promoted on our website and will be added upon receipt. We also use Facebook which is a great way to promote. This reaches people that have "liked" our page, from this area and out of area. Postings are threaded into their news feeds and they see these posts without visiting our webpage. The more channels we use, the more people we reach and generate more business for our area.

--Please remember you have any changes to your listing, please call us so we can make it correct on our website.
